## WHAT IS THE Thermal Insulation Association of Canada

TIAC is the national industry association for contractors, distributors and manufacturers of commercial, industrial and institutional thermal insulation, asbestos abatement and firestop.

### OUR OBJECTIVES

- To continue to promote and advance the North American Commercial and Industrial Insulation Standards Manual to the industry.
- To further the interests of the members.
- To educate members, permitting the highest possible development of professional skills with respect to insulation in all aspects and through this professional development to continue to merit the confidence of architects, engineers, owners, etc.
- To obtain, disseminate and exchange information among the members regarding all matters pertinent to the advancement of the insulation industry and the improvement of conditions within the industry.
- To promote the conservation of energy through the effective use of insulation.
- To represent the membership as the national voice of the insulation industry.

## TIAC'S Annual Conferences

TIAC's Annual Conferences feature timely presentations by industry experts, sector-specific business meetings and networking events. These Conferences offer a wide variety of opportunities to learn about technical, operational and organizational challenges faced by the insulation industry, as well as offers new approaches and techniques to address them. It also offers a forum that connects the contractor, manufacturer and distributor sectors like no other professional development event.

**Put your company front and centre today!**

## WHO ATTENDS TIAC'S Annual Conferences?
